About Me

Plant Parent
Blanket Hoarder
Aspiring Rich Aunt

Objective

Recent Rocky Mountain College of Art and Design graduate in Graphic Design with a desire to be apart of an impactful firm through Graphic Design and Motion Graphic opportunities.

Education

2024 BFA Graphic Design

Rocky Mountain College of Art and Design - Denver, CO

Relevant Skills

Typography

- In depth study of the importance and use of typography in multiple design projects
- Consistent use of grids and alignment to maintain strong composition and add hierarchy
- Researched attributes to find typefaces that used the right style, kerning, and contrast for representation of the brand

Branding

- Communication and collaboration are a large part of the branding process to ensure the clients are happy
- Representation of brand identities in organized presentations and clear outline of ideas

Prototyping

- Both 3D prototypes as well as visual and user interactive prototypes are used to develop design narratives
- Allows for both designer and user to address possible issues and facilitate ideas

Motion Design

- Application of motion design skills such as timing, spacing, and color to multiple projects including promotional videos and TV bumpers
- Use of Illustrator, Premiere Pro, and After Effects to create final ideas
- Addition of plug-ins and expressions used in animation projects
